Mono is still the primary printing requirement in the majority of office and similar business environments. Our laser products produce high quality, cost effective output that is the preferred choice for many business users. For simple e-mail and correspondence printing, or high volume collated documents, TallyGenicom has a printer to suit you.

TallyGenicom understands the importance of meeting the exact needs of business, therefore we have a range of mono lasers to suit all needs. With print speeds from 16 to 45 pages per minute, all our lasers are Windows compatible, and are supplied with interface cards to allow simple and fast connection to your network.
